

Kindergarten Registration User Guide

IMPORTANT NOTE:

This online enrollment process is NOT for students who are currently ACTIVE in Wythe County Schools. Students who are currently in our Pre-K program do not need to register for Kindergarten, nor do students who are receiving services from staff in our schools, even if they attend a Head Start or Preschool program somewhere else.

Registration Process:

Parents go to WCPS Division website at <https://wythe.k12.va.us/home>

Select the 2024-2025 Kindergarten Enrollment/Registration Info link

- There is only ONE Pre-Registration form. This Pre-Registration form can be used to register students for Kindergarten for the next school year.
- Once the school registrar approves the Pre-Registration the parent submits, the parent will receive an email with directions to complete the Enrollment forms

Upon submission of the Pre-Registration form, parents will receive an email message that says:
Dear Parent/Guardian,

The Pre-registration you submitted to Wythe County Public Schools for ____ has been received. Your child's Pre-registration will be reviewed by school staff. You will receive more information when it is processed.

After review, you will receive an email letting you know the next steps for completion of your child's registration.

If you have any questions, please call the school your student will be attending.

Step 1: Set up a PowerSchool Parent Portal Account

If you do not already have a Parent Portal account, you can set one up by doing the following:

1. *Open the internet browser on your computer*
 2. *Type (or copy and paste) <https://wythe.powerschool.com/public/> into the address bar.*
 3. *Click on "Create Account" Tab*
 4. *Fill in the information requested for your desired username and password.*

- PowerSchool Address: <https://wythe.powerschool.com/public/>*

If a parent already has a Parent Portal account, they simply need to log in and use the information/directions above to add their new student to their existing Parent Portal account. If the parent does not have a parent portal account, they will need to follow the directions above to create a new account and add their new student to their parent portal so they can access the Enrollment forms. Once the new student has been added to the Parent Portal, the parent can click on Forms in the Navigation area on the left, then click on the Enrollment tab near the top, and then click on the link. At the bottom of each Enrollment Page, there is a Save for Later button and a Submit button. When the Parent clicks on Submit, the next Enrollment Page will appear, moving them through the Enrollment forms in order. As the parent submits each page, the page

will turn light yellow and have a Pending Status. As the school registrar approves each page of enrollment, the page status will turn back to white and show it has been Approved. Certain pages are only allowed to be submitted by the parent ONCE. This is noted in the Form Description of the Enrollment Page. Unless noted, the Enrollment Page can be submitted more than once and it will return to Pending Status while awaiting approval from the school registrar.

Step 2: Complete Enrollment forms ****All Forms must be complete before student is enrolled in Wythe County Schools.**

In the Parent Portal, select the student you are enrolling at the top and click on the Forms
